

Kindergarten - Sixth Grade Visual Arts Syllabus
Instructor Betsy Gottschalk

Assumption School's Arts Mission: Through creation God has breathed into each of us precious life and particular gifts. And with that breath we are filled with God-given inspiration. We are each called to develop our creative abilities in order to "...enter into the heart of the mystery of the Incarnate God and at the same time into the mystery of man (Pope John Paul II *Letter to Artists*).” At Assumption Catholic School, we are committed to teaching and fostering the skills of art making, the history of art, and the disciplines of aesthetic inquiry (art appreciation), and art criticism.

In visual arts class, the students will review and build on the elements of art and the principles of organization. In addition students will focus on the following:

- Conceptualizing the context or purpose
 - Gathering information from diverse sources
 - Learning about art created about Jesus, Mary, saints, angels, the liturgical year
 - Learning about various artists and art history and making art in that style
 - Developing ideas and techniques
 - Organizing arts elements, forms, and/or principles into a creative work
 - Reflecting for the purpose of elaboration and self-evaluation
 - Refining work based on feedback
 - Presenting work to others
 - Applying previously learned arts concepts, vocabulary, skills and techniques through a creative process
 - Designing different solutions to the same problems and select one to produce
- Foci for the grades: Students in
- Students in Kindergarten will learn:
- To recognize various images of Jesus and Mary and many saints
