ASSUMPTION PRESCHOOL AND PREKINDERGARTEN

This week's News ~ September 21-September 25, 2026

Preschool:

- **Tuesday,** we began our day with tub time and morning meeting, which included Living Faith daily devotion, sharing, songs, attendance, prayers, and pledge.
- We reviewed the procedures for a fire drill and practiced our first one with the whole school. The preschoolers were great. They listened and were responsive to the directions.
- At center time we talked about our bodies. We read 2 books and looked at pictures of what our bodies look like on the inside. We also created a picture by gluing body parts together, and we moved to body parts songs. Later we read two counting books, where the children helped with the stories by counting the items.
- **For those who stayed all day, we had partner play, lunch, quiet time, afternoon outside play, Monkey Mind** calming activity and more partner play.
- **Thursday,** we began with tub time and morning meeting, which included Living Faith daily devotion, sharing, songs, attendance, prayers and pledge.
- Our center time topic today was healthy bodies. We talked about ways to keep healthy, focusing on exercise, brushing teeth, and healthy foods. The children practiced brushing teeth with a model set of teeth, they sorted healthy foods from "treats", and they exercised to music. We also created a "dirty hands/clean hands" picture.
- Chapel time was about how Jesus especially loves children. He told his disciples not to sent them away but have them come to him for "…the kingdom of heaven belongs to such as these."
- For those who stayed all day, we had partner play, lunch, quiet time, afternoon outside play, story time, and more partner play.

Homework:

Parents: Helping your child develop healthy habits is a year-round goal. Encourage them to spend time outdoors each day where they can be active, enjoy fresh air, explore God's beautiful creation, and develop new skills. To support healthy minds, provide opportunities for drawing, coloring, cutting, writing, and reading together every day. Limiting screen time, including television and other devices, also helps promote healthy growth, learning, and overall well-being.

Prekindergarten:

- **Monday,** we began with tub time and morning meeting, which included Living Faith daily devotional, sharing, songs, attendance, prayers, and pledge.
- During center time, we practiced making letters A,a in our handwriting workbooks. We also practiced writing the number 3 on whiteboards, and we reviewed the Focus Board and the sound door for the letter B.
- Our center time topic this week is Apples. Today we compared, measured, weighed, and put them in order from biggest to smallest. We also made a vocabulary list of words describing apples.
- We had PE in the gym with Coach Eager. We practiced keeping balloons in the air using fingers, hands, and fists.
- We had lunch, quiet time, afternoon outside play, and we visited the library where Mrs. Kim read a story and we checked out books.

PLEASE KEEP SCROLLING

- **Wednesday,** we began with tub time and morning meeting, which included Living Faith daily devotional, sharing, songs, attendance, prayers, and pledge.
- We had music today with Ms. Varon. We had fun keeping rhythm by clapping, patting, stamping, and with rhythm sticks. We also danced, once with scarves.
- Our center time topic was "what's inside an apple?" We sang 2 songs and read 2 apple books, and we created an apple by cutting and gluing the different parts.
- We worked on our letter/number formation by making A,a's and 1,2,3 using playdoh, sand boxes, and magnetic build-a-letter forms.
- We also had lunch, quiet time, and story time.
- It was an early release day.
- **Friday,** we began with tub time and morning meeting, which included Living Faith daily devotion, sharing, songs, attendance, prayer, and pledge.
- We finished our lessons on apples by placing the apple cycle in order, tracing lines to apples, and cutting apples for apple sauce. We also read the story of the apple cycle.
- We are also finishing up our sorting and colors math lessons for September. We worked in our Math Journal by coloring, cutting, and gluing a traffic light.
- We practiced the reverent way we will walk to Mass next month, and we learned about the Prodigal Son in Seeds religion.
- We met our 4th Grade buddies today. We read books and colored a "Buddy" page together.
- Both recesses were indoors today. We moved to "Danny Go" and learned how to play "Musical Chairs" with good sportsmanship.

Homework:

Parents: Helping your child develop healthy habits is a year-round goal. Encourage them to spend time outdoors each day where they can be active, enjoy fresh air, explore God's beautiful creation, and develop new skills. To support healthy minds, provide opportunities for drawing, coloring, cutting, writing, and reading together every day. Limiting screen time, including television and other devices, also helps promote healthy growth, learning, and overall well-being. In Prek we work a lot on memorizing personal data, such as address and phone number… Remember: car time is "captive audience" time, a great time to practice spelling names, counting, and ABC's!

PLEASE REMEMBER

- **Every Wednesday is an early release day at 2:00 p.m.**
- **One of our many goals is to teach independence to your child. We ask them to attempt all self-care (toileting, putting on shoes, putting on jackets, carrying their bags, hanging up their backpacks and coats, etc.) by themselves before helping if needed. We would appreciate if you would support this at home by allowing them to do as much as they can. They will surprise you!**
