### **What to do if there's an emergency**

We will be going through an emergency drill with students in the first week of service. The drivers will have an emergency contact binder on the bus so that if anything were to happen, they could call or EMS would have this information for all of the children on the bus. The Remind App would continue to be used for all correspondence as needed.

Frequent communication through Remind App from drivers, Dan, and Dayna. You can also text Jeff Segel (360-815-1267) directly if you have a question or concern.

### **Bus Ridership Expectations and Rules:**

Please make sure you get a [copy of this](#) and sign it after going over it with your child. This will be due by the end of the first week of service or your child won't be allowed to ride until it is complete.

### **Dates to remember that there may not be service available:**

All Tuesdays in January (14<sup>th</sup>, 21<sup>st</sup>, and 28<sup>th</sup>) when the bus will take middle school students to Mt. Baker.

Three days in mid-May (Wednesday afternoon, Thursday, Friday) when seventh graders will be going to Portland. Dates to be determined.
