

COVID Protocols for Holy Hoops

Screening/vaccination-

All 5th-8th graders are invited to participate in Holy Hoops. If a child is vaccinated, he/she will need to show a vaccination card at the office or send a picture of the card to Mrs. Dennis before Monday, October 18th.

All unvaccinated students (or students who choose not to show their vaccination card) will be required to show/send proof of a negative molecular (PCR) or antigen test sometime between **Saturday, October 16 and Monday, October 18**. There are three ways this test can be done:

1. Rapid antigen test might be done at the school. (These are still being ordered and we hope they are ready by the week of October 11th to be used for screening.)
2. Rapid antigen test can be purchased from a local drug store and administered at home. A picture with the proof of the test emailed to Mrs. Dennis.
3. Molecular (PCR) test is scheduled through [testdirectly.com](https://www.testdirectly.com) and administered at the Bellingham Airport. Schedule in advance and plan for results to take 24-48 hours.

Masks-

Everyone in the gym at any time needs to be wearing a mask from ages 2+ except for the players who are currently on the court. Coaches, players on the bench, volunteers, and spectators are all required to be wearing masks during the tournament.

Food-

Drinks and water will be sold as well as food that is individually packaged and wrapped. All food must be eaten outside of the gym since masks will be off during this time.

Spectators-

We want to encourage an audience for support of the teams in their games. However, to limit the number of people in the gym at one time, spectators will be limited to the parents/friends of the students who are playing in the current game. If your child is not playing in the current game, please wait outside the gym until your child's game begins.

Note: These requirements and protocols are subject to change based on new guidance from the CDC or DOH so please read the Wednesday Newsletter carefully for changes. We also continue to monitor case counts in our school and county and we may decide to postpone the tournament to March or April if needed.

Question/Concerns-

Please direct all question or concerns about COVID/Vaccination protocols to the school.

PARTICIPATION REGISTRATION SIGN UP DUE OCTOBER 6th

The 6th Annual Holy Hoops is a fun FREE four-day 4-on-4 Basketball Tournament intended for every 5th – 8th grade student. There will be a boys and girls league and each team will be comprised of students from 5th, 6th, 7th and 8th grade. In order to build fun and community around a sport we all love, it is critical that all eligible students participate - prior experience NOT required! Participants will receive a team t-shirt, an end-of-event BASH, and build life-long memories with teammates and competitors.

We understand students may have other obligations during this time. We are willing to work within the confines of their schedule. Please let us know if you would like to participate but are concerned about scheduling conflicts-we want every 5th through 8th graders to have the possibility to play.

Please join us for the return of an exciting and memorable tradition that has become a favorite among students and community members alike.

We will need your help to make this event possible. A Sign-Up Genius will be in an upcoming Wednesday envelope for all volunteer opportunities.

To sponsor the event, please see the sponsor form.

Team Assignments: October 6th

Team Pictures: October 18th

Tournament Dates: October 19th – 22nd from 3:00 PM – 6:30PM

**Please see back for all Safety Protocols*
